A. Volpe)

Active participation to:

- hospital ward management
- outpatient activity
- cystoscopies
- prostate biopsies
- kidney-bladder and transrectal ultrasounds
- attendance to congresses
- scientific activity
- surgical activity (endoscopic, open, laparoscopic/robotic surgery):
  - participation to more than 1000 surgical treatments
  - more than 500 surgical treatments as 1st operator
  - nearly 200 laparoscopic/robotic surgical treatments as assistant

**PROFESSIONAL EXPERIENCE**

03/2016 – 10/2016

Freelance activity as Medical doctor

01/11/2016 – 10/11/2021

Residency in Urology

Department of Urology, Maggiore della Carità Hospital (Director: Prof. A. Volpe), Novara University of Turin

16/12/2021 – To date

M.D. Urologist

Department of Urology, Sant'Anna Hospital (Director: Dr. G. Bozzini), San Fermo della Battaglia (CO)

- iMovie / Adobe Premiere

Other skills

Basic use of the following statistic softwares:

- R statistics

**OTHER INFORMATIONS**

Professional and scientific associations

Member of the following associations:

- European Association of Urology (EAU)

- Italian Society of Urology (SIU)
- Federazione Italiana Incontinenti e Disfunzioni del Pavimento Pelvico (Fincopp)

## Reviewer

Reviewer for the following urological journals:

- World Journal of Urology  
May 2023 – To date
- Translational Andrology and Urology  
January 2024 – To date

## Certifications

Acquisition of the following international certifications:

- E-BLUS certification (European Training in Basic Laparoscopic Urological Skills)  
Rome, 28-29 November 2019
- Certificate of Da Vinci Technology Training as a Console Surgeon (Da Vinci Si system)  
IRCAD Strasbourg, 18 May 2022
- Certificate of Da Vinci Technology Training as a First Assistant (Da Vinci Si system)  
IRCAD Strasbourg, 31 May 2022
- FEBU certification (Fellow of the European Board of Urology)  
Milan, 23 September 2021 (Written exam)  
Warsaw, 27 June 2022 (Oral exam)
- Rezum Procedure – Health Care Practitioner  
Como, 22 November 2022
- Certificate of Da Vinci Technology Training as a First Assistant (Da Vinci Xi system)  
RAIN Robotic Academy Intuitive Naples, 01 February 2023

## Awards

Acquisition of the following awards:

- Best Poster Session at European Association of Urology (EAU) 2022 Congress  
“A comparison among RIRS and miniPERC for renal stones between 1 and 2 cm using fiber dust: a RCT”  
Amsterdam, July 1-4, 2022
- Best Poster Session at European Association of Urology (EAU) 2023 Congress  
“A proposed mathematical model to help preoperative planning between RIRS and MiniPerc for renal stones between 10 and 20 mm using Holmium:YAG laser (Cyber Ho): the Stone Management According to Size-Hardness (SMASH) score”  
Milan, March 10-13, 2023
- Massimino D’Armiato Award 2023  
“A comparison among RIRS and MiniPerc for renal stones between 10 and 20 mm using Thulium Fiber Laser (Fiber Dust): a randomized controlled trial”  
96° Congresso nazionale della Società Italiana di Urologia (SIU)

Rome, October 7-9, 2023

Live surgery

Participation to the following live surgeries:

- “Laparoscopic radical nephrectomy” (Assistant)  
XXII Italian Association of Endourology Congress 2023 (IEA)  
Milan, May 12th, 2023
- “ThuLEP” (1st Operator)  
HandsOn Training Course – Endoscopic surgical procedures – Lower Urinary Tract –  
Focus on Laser Enucleation  
Como, January 19, 2024

**DIDACTIC AND SCIENTIFIC  
ACTIVITY**

Tutoring activity

Participation to the analysis and writing of the following degree thesis:

- “Predictors of perioperative and functional outcomes of kidney transplantation after laparoscopic living-donor nephrectomy”  
University of Eastern Piedmont (Dr Michelone)  
2017-2018
- “Patterns of progression of renal cell carcinoma after nephrectomy: analysis of a cohort of 580 patients with a standardized follow-up”  
University of Eastern Piedmont (Dr Pissavini)  
2017-2018

Participation to the analysis and writing of the following residency thesis in Urology:

- “Kidney transplantation from laparoscopic living-donor nephrectomy: predictors for perioperative and functional outcomes”  
University of Turin (Dr Romani)  
2016-2017

Congress relations as a  
Faculty member

Relator as faculty member at the following national and international congresses:

- V° Congresso regionale SIUT Lombardia  
“Gestione della calcolosi renale infetta”  
Como, November 26, 2022
- V° Congresso regionale SIUT Lombardia  
“Diagnosi e terapia mini-invasiva della calcolosi renale ed ureterale”  
Como, November 26, 2022
- Corso pratico di laparoscopia renale urologica  
“Video session – How to ...”  
Como, February 5-6, 2023
- HandsOn Training Course – Endoscopic surgical procedures – Lower Urinary Tract –  
Focus on Laser Enucleation

"Tips and tricks, Complications of the procedure"

Como, July 6-7, 2023 and January 18-19, 2024

- Approccio multilivello ai nuovi e vecchi rischi negli ambienti di lavoro 2023  
"Carcinoma uroteliale della vescica e dell'alta via urinaria – Fattori di rischio e prevenzione"  
Como, May 3, 2023
- 360° Gradi sulla Calcolosi  
"Nuove frontiere della Retrograde IntraRenal Surgery (RIRS)"  
96° Congresso nazionale della Società Italiana di Urologia (SIU)  
Rome, October 7-9, 2023
- 13th International Meeting Technology & Training in Endourology 2023  
"Robotic RIRS" (Pre-Recorded Surgery)  
Turin, November 22-24, 2023
- "Patologie della prostata: i sintomi, la diagnosi, le cure"  
Carugo, December 5, 2023

#### Congress relations

Relator of the following scientific reports at national and international congresses:

##### SIU 2019 Congress

- "Hand-assisted laparoscopic living-donor nephrectomy (HALLDN): analysis of predictors of favorable perioperative and functional outcomes"  
92nd National congress of the Italian Society of Urology (SIU)  
Venice, October 12-15, 2019

##### EAU 2021 Congress

- "Endoscopic and fluorescence guided robot-assisted treatment of ureteral strictures: a single center experience"  
European Association of Urology (EAU) 2021 Congress  
Virtual congress, July 08-12, 2021

##### SIU 2021 Congress

- "Long-term outcomes of intraoperative radiation therapy during radical prostatectomy for high-risk prostate cancer"  
94th National congress of the Italian Society of Urology (SIU)  
Riccione, October 16-19, 2021
- "Combined robot-assisted and endoscopic treatment of ureteral strictures: a single center experience"  
94th National congress of the Italian Society of Urology (SIU)  
Riccione, October 16-19, 2021
- "Risk of progression after nephrectomy for non-metastatic clear cell renal cell carcinoma: comparison of the predictive ability of validated risk models"  
94th National congress of the Italian Society of Urology (SIU)  
Riccione, October 16-19, 2021

- “Predictors of diagnostic yield of percutaneous renal tumor biopsies in a single center experience”  
94th National congress of the Italian Society of Urology (SIU)  
Riccione, October 16-19, 2021

#### EAU 2022 Congress

- “Treatment of ureteral stone with LithoEvo device and Vapor Tunnel tool”  
European Association of Urology (EAU) 2022 Congress  
Amsterdam, July 1-4, 2022
- “Evaluation of the learning curve for Thulium laser enucleation of the prostate using multiple outcome measures”  
European Association of Urology (EAU) 2022 Congress  
Amsterdam, July 1-4, 2022
- “Pulsed vs continuous TFLEP: A multi-institution trial to compare intra and early post-operative outcomes”  
European Association of Urology (EAU) 2022 Congress  
Amsterdam, July 1-4, 2022
- “A comparison among RIRS and miniPERC for renal stones between 1 and 2 cm using fiber dust: a RCT”  
European Association of Urology (EAU) 2022 Congress  
Amsterdam, July 1-4, 2022
- “Preliminary RCC embolization before laparoscopic partial nephrectomy. Outcomes on surgical procedure”  
European Association of Urology (EAU) 2022 Congress  
Amsterdam, July 1-4, 2022

#### WCE 2022 Congress

- “Evaluation of the learning curve for Thulium laser enucleation of the prostate using multiple outcome measures”  
World Congress of Endourology and Uro-Technology (WCE)  
San Diego, October 1-4, 2022
- “Treatment of ureteric stones with LithoEvo device and Vapor Tunnel tool”  
World Congress of Endourology and Uro-Technology (WCE)  
San Diego, October 1-4, 2022
- “A comparison among Retrograde Intrarenal Surgery (RIRS) and Mini-Percutaneous Nephrolithotomy (MiniPerc) for renal stones between 1 and 2 cm using Fiber Dust: a randomized controlled trial”  
World Congress of Endourology and Uro-Technology (WCE)  
San Diego, October 1-4, 2022
- “Preliminary Renal Cell Carcinoma embolization before laparoscopic partial nephrectomy. Outcomes on surgical procedure”  
World Congress of Endourology and Uro-Technology (WCE)  
San Diego, October 1-4, 2022

- “Pulsed vs Continuous TFLEP: a multi-Institution trial to compare intra and early postoperative outcomes”  
World Congress of Endourology and Uro-Technology (WCE)  
San Diego, October 1-4, 2022

#### SIU 2022 Congress

- “Treatment of ureteral stones with LithoEVO device and Vapor Tunnel tool”  
95° Congresso nazionale della Società Italiana di Urologia (SIU)  
Riccione, October 15-18, 2022
- “Pulsed vs Continuous TFLEP: a multi-institution trial to compare intra and early postoperative outcomes”  
95° Congresso nazionale della Società Italiana di Urologia (SIU)  
Riccione, October 15-18, 2022

#### SIUT 2022 Congress

- “Diagnosi e terapia mini-invasiva della calcolosi renale ed ureterale”  
Prevenzione e follow-up nelle principali patologie urologiche  
V° Congresso regionale SIUT Lombardia  
Como, November 26, 2022
- “Gestione della calcolosi renale infetta”  
Prevenzione e follow-up nelle principali patologie urologiche  
V° Congresso regionale SIUT Lombardia  
Como, November 26, 2022

#### EAU 2023 Congress

- “Holmium:YAG versus Thulium:YAG laser in endoscopic ablation of Upper Tract Urothelial Carcinoma: a comparison on perioperative outcomes and short-term follow-up”  
European Association of Urology (EAU) 2023 Congress  
Milan, March 10-13, 2023
- “MiniPerc for treatment of renal stones between 10 and 20 mm: a comparison between high-power Holmium:YAG laser (Cyber Ho) versus Thulium Fiber Laser (Fiber Dust) generators”  
European Association of Urology (EAU) 2023 Congress  
Milan, March 10-13, 2023
- “A proposed mathematical model to help preoperative planning between RIRS and MiniPerc for renal stones between 10 and 20 mm using Holmium:YAG laser (Cyber Ho): the Stone Management According to Size-Hardness (SMASH) score”  
European Association of Urology (EAU) 2023 Congress  
Milan, March 10-13, 2023

#### AUA 2023 Congress

- “Holmium:YAG versus Thulium:YAG laser in endoscopic ablation of Upper Tract Urothelial Carcinoma: a comparison on perioperative outcomes and short-term follow-up”  
American Urological Association (AUA) 2023 Congress  
Chicago, April 28 – May 1, 2023
- “A comparison of the efficiency and safety profile between two morcellators for laser enucleation of the prostate: Piranha versus Cyber Blade devices”

American Urological Association (AUA) 2023 Congress  
Chicago, April 28 – May 1, 2023

- “A proposed mathematical model to help preoperative planning between RIRS and MiniPerc for renal stones between 10 and 20 mm using Holmium:YAG laser (Cyber Ho): the Stone Management According to Size-Hardness (SMASH) score”  
American Urological Association (AUA) 2023 Congress  
Chicago, April 28 – May 1, 2023

#### SIU 2023 Congress

- “A comparison of the efficiency and safety profile between two morcellators for laser enucleation of the prostate: Piranha versus Cyber Blade devices”  
96° Congresso nazionale della Società Italiana di Urologia (SIU)  
Rome, October 7-9, 2023
- “A proposed mathematical model to help preoperative planning between RIRS and MiniPerc for renal stones between 10 and 20 mm using Holmium:YAG laser (Cyber Ho). The Stone Management According to Size-Hardness (SMASH) score”  
96° Congresso nazionale della Società Italiana di Urologia (SIU)  
Rome, October 7-9, 2023
- “MiniPerc for treatment of renal stones between 10 and 20 mm. A multicenter comparison between high-power Holmium:YAG laser (Cyber Ho) versus Thulium Fiber Laser (Fiber Dust) generators”  
96° Congresso nazionale della Società Italiana di Urologia (SIU)  
Rome, October 7-9, 2023
- “Outcomes of robot-assisted buccal mucosa graft ureteroplasty with the assistance of intraoperative flexible ureteroscopy and Indocyanine-green fluorescence”  
96° Congresso nazionale della Società Italiana di Urologia (SIU)  
Rome, October 7-9, 2023

#### International SIU 2023 Congress

- “A comparison of the efficiency and safety profile between two morcellators for laser enucleation of the prostate. Piranha versus Cyber Blade devices”  
43rd Congress of the International Society of Urology (SIU)  
Istanbul, October 11-14, 2023
- “A proposed mathematical model to help preoperative planning between RIRS and MiniPerc for renal stones between 10 and 20 mm using Holmium:YAG laser (Cyber Ho). The Stone Management According to Size-Hardness (SMASH) score”  
43rd Congress of the International Society of Urology (SIU)  
Istanbul, October 11-14, 2023
- “Ejaculation-sparing enucleation of the prostate with Thulium:YAG laser (ES-ThuLEP) versus Thulium Fiber Laser (ES-TFLEP). Outcomes on sexual function”  
43rd Congress of the International Society of Urology (SIU)  
Istanbul, October 11-14, 2023
- “Evaluation of PneumoRIRS for the treatment of kidney stones associated to kidney anomalies or in difficult percutaneous access”  
43rd Congress of the International Society of Urology (SIU)

Istanbul, October 11-14, 2023

- “Feasibility of active surveillance in the management of Boniak IV renal cysts”  
43rd Congress of the International Society of Urology (SIU)  
Istanbul, October 11-14, 2023
- “Holmium:YAG versus Thulium:YAG laser in endoscopic ablation of Upper Tract Urothelial Carcinoma. A multicenter comparison on perioperative outcomes and short-term follow-up”  
43rd Congress of the International Society of Urology (SIU)  
Istanbul, October 11-14, 2023
- “Indocyanine green-marked fluorescence-guided off-clamp versus intraoperative ultrasound-guided on-clamp RAPN”  
43rd Congress of the International Society of Urology (SIU)  
Istanbul, October 11-14, 2023
- “MiniPerc for treatment of renal stones between 10 and 20 mm. A multicenter comparison between high-power Holmium:YAG laser (Cyber Ho) versus Thulium Fiber Laser (Fiber Dust) generators  
43rd Congress of the International Society of Urology (SIU)  
Istanbul, October 11-14, 2023
- “Outcomes of robot-assisted buccal mucosa graft ureteroplasty with the assistance of intraoperative flexible ureteroscopy and Indocyanine-green fluorescence”  
43rd Congress of the International Society of Urology (SIU)  
Istanbul, October 11-14, 2023
- “Risk of bleeding after RIRS versus MiniPerc in the treatment of renal stones between 10 and 20 mm with the Fiber Dust Thulium Fiber Laser generator. A not so different safety profile”  
Istanbul, October 11-14, 2023
